## Industries

Industries such as engineering and construction, coal mining, machinery manufacturing, metal processing, chemical and pharmaceutical industries.

## ANTENG Standard Package Instruction ( Average US 9# for Reference )

Shoe weight : 1.8-2.0 KGS/Pair	Carton Weight : 14-16 KGS/Carton
1Pair/Color Box, Size : 33 × 28.5 × 12.5CM	8Pair/Carton, Size : 58.5 × 52 × 34.5CM

1Pair/Color Box

8Pair/Carton

## User Description

1.Recommended for use in industries such as engineering and construction, coal mining, machinery manufacturing, automobile manufacturing, metal processing, chemical and pharmaceutical industries.

2.Usage restrictions: The selected shoes must be suitable for the correct workplace. For risks or dangers not mentioned in this document, please avoid them. Free to use, we cannot guarantee to provide the necessary protection.

3.Size Usage: All shoe tongue labels are labeled with standard sizes and also include comparison references between different size standards. For example, Chinese sizes, British sizes, American sizes, etc. Please choose shoes that are the right size, shoes that are too loose or too tight may not be suitable. The law provides effective comfort and protection levels.

4.Storage method: It is recommended to place the shoes in their original packaging box and store them in a clean, dust-proof, and well ventilated environment at room temperature and dry conditions. The location can effectively extend the lifespan of shoes.

5.Cleaning method: Please use a dry cloth or other suitable cleaning products regularly to clean the shoes. Do not use corrosive cleaning agents, etc.
